Our knowledgeable instructors help ensure you will have the skills you need for the roles and responsibilities of working in retail, call centers, hospitals, and pharmacies. You will learn a variety of entry level pharmacy operation skills, as well as procedures, interpersonal skills, and regulatory standards. Accelerated Pharmacy Technician

The Certificate of Competency (CCT) in Accelerated Pharmacy Technician prepares students for entry-level pharmacy practice in retail, hospital, and institutional settings. Students will process and prepare medications, dispense medications, and learn inventory and quality control practices. The program includes instruction in medical and pharmaceutical terminology, legal and regulatory standard, customer service, prescription analysis and interpretation, mathematical calculations for dosing and solution preparation, safety procedures, and billing practices. The curriculum for this program includes a 160-hour externship which meets the Pharmacy Technician Certification Board (PTCB) requirement for students to take the National Healthcareer Association (NHA) Exam for the Certification of Pharmacy Technicians (ExCPT) or the Pharmacy Technician Certification Exam (PTCE).

Medical Marijuana Policy

Maricopa Community Colleges prohibit the possession and use of marijuana on all campuses and in all off-campus student activities, including clinical externships and clinical learning experiences in health programs. This policy is dictated by Arizona Revised Statutes § 15-108, which prohibits any person, including a medical marijuana cardholder, from possessing or using marijuana on the campus of any public university, college, community college or post-secondary education institution. Federal legislation prohibits any institution of higher education that receives federal funding from allowing the possession and use of marijuana.

Maricopa Community Colleges receive federal funds through grants and financial aid. Maricopa Community Colleges continue to enforce current policies regarding controlled substances and any student or employee who violates university policy prohibiting the use or possession of illegal drugs on campus or in student activities - including educational externship - will be subject to disciplinary action and criminal prosecution.

Urine drug screens are required of students prior to attending a healthcare clinical externship. Medical marijuana, or its metabolite, is not an accepted substance in urine drug screens and will result in a positive urine drug screen. Students with a prescription for medical marijuana would not be considered exempt from urine drug screening.

Nondiscrimination Policy

The Maricopa County Community College District does not discriminate on the basis of race, religion, color, national origin, sex, handicap/disability, sexual orientation, age, or Vietnam era/disabled Veteran status in employment or in the application, admission, participation, access and treatment of persons in instructional or employment programs and activities.
